

## COLORADO DATA FORM

— Labile Dervice Agency	
ACCOUNT NUMBER	ACCOUNT NAME

The state of Colorado assesses lower registration fees to power units which are operated nationally 10,000 miles or less annually. You must have a full 12 consecutive months of mileage records as substantiated by Individual Vehicle Mileage Records (IVMR) to qualify for the lower assessment. Vehicles for which you estimated 10,000 miles or less must be assessed at the higher rate at the time of registration. However, you may qualify for a refund adjustment if you can subsequently show proof that the vehicle did in fact operate less than 10,000 miles nationally. You must apply directly to the state of Colorado for any refund adjustments. List below all power units which qualify for the lower assessment and any power units for which you estimated less than 10,000 for which you may later qualify and claim a refund adjustment.

MILEAGE ESTIMATED	EQUIPMENT # (7 DIGITS)
